

# #laptoplibrary

## Donation criteria:

Thank you for offering to donate your unused tech, we're looking for the following information to make sure it will support the technologies that the schools need.

If you have a laptop meeting the following criteria, we'd love to have it!

- ★ **Age:** under 6 years old (if not sure, google search the model, which should be on the bottom of the laptop and "launch date") Some older laptops from major manufacturers like Dell, HP, Lenovo may also be re-usable (up to 8-10 years old)
- ★ **Operating system:** If it's Windows 7, 8, 10 then we can probably use it (you can check the bottom of the laptop for a Windows 7 sticker or a Windows logo, if it says Vista or XP it's probably a little too old).
- ★ **On MacBooks and iMacs,** if it's 2010 or newer, they are usable (go to , 'About This Mac' and it will usually say the model year of the Mac. If not, please check the serial number here: <https://checkcoverage.apple.com/gb/en/> and it'll tell you the model and year. 2008-2009 iMac and MacBook Pro models will just about work.
- ★ **Other devices** like iPads (iPad Air / Mini 2 and newer) and desktops are usable too but less requested due to a tablet's limited functionality and space for desktops.

Thank you for getting in touch to help us with the laptop library, we really appreciate the support.

If you have any questions at all, please do contact [laptoplibrarysevenoaks@gmail.com](mailto:laptoplibrarysevenoaks@gmail.com) !
